- Satisfactory completion of an approved study abroad experience. The study abroad experience must be for at least one regular (either fall or spring) semester; during the time abroad the student must attempt a minimum of 12 semester hours. No more than two of the courses taken during the study abroad experience may be used in the satisfaction of item 2 (above). If a full regular (fall or spring) semester abroad is not feasible, students may receive pre-approval from the program coordinator of International Studies and the director of the center for global education for an alternative way of satisfying this requirement. The program developed in this case must foster development of the student's language proficiency, knowledge of international affairs and/or understanding a foreign culture or cultures. Foreign students may count their residence at Oglethorpe as their study-abroad experience.

Language requirement:

- Students of European languages must complete all language courses through the Intermediate level (meaning through the 200-level) if they are not exempted from them through placement examinations. Students of European languages must also complete at least one course at the 300-level in which the foreign language is used extensively in conversation and written assignments. Advisor pre-approval is required for the 300-level course which is chosen.
- Students of non-European languages must complete all language courses through the Intermediate level (meaning through the 200-level) if they are not exempted from them through placement examinations. Students of non-European languages should consult with the program coordinator of International Studies for further ways such students can improve their language proficiency.

Overall Graduation Requirements

<http://bulletin.oglethorpe.edu/8-degrees-offered-graduation-requirements/8-5-graduation-requirements/8-5-1-bachelor-arts/>

Additional requirements and things to note:

- A grade of "C-" or better is required in all courses contributing to the major.
- Students are cautioned that they are responsible for satisfying all prerequisites which may be associated with the courses used to satisfy major requirements.
- Special topics and independent study courses (identified with an asterisk, *, in the list given in item 2, above) fulfill the requirements of the major only when they have a substantial international component. This implies that the course deals with the modern history, current situation or culture in a geographical area outside the United States or concerns some substantive issue that is international in scope, typically regarding economics or security. In all cases, departmental pre-approval is required in order for such courses to count toward the major.
- Students who receive financial aid at Oglethorpe should contact the director of financial aid early in the pursuit of this major to determine available funding for the study abroad experience.
- International Studies majors are required to aid academic assessment of the major by writing at least one substantial research paper during the senior year and then submitting this paper for review to the program coordinator for Interna-
